

Excused and Unexcused Absences

Definition of Absence

WAC 392-401-015 states the definition of an absence:

1. A student is absent when they are:
 - a. Not physically present on school grounds; and
 - b. Not participating in the following activities at an approved location:
 - i. Instruction;
 - ii. Any instruction-related activity; or
 - iii. Any other district or school approved activity that is regulated by an instructional/academic accountability system, such as participation in district-sponsored sports.
2. Students shall not be absent if:
 - a. They have been suspended, expelled, or emergency expelled pursuant to chapter 392-400 WAC;
 - b. Are receiving educational services as required by RCW 28A.600.015 and chapter 392-400 WAC; and
 - c. The student is enrolled in qualifying "course of study" activities as defined in WAC 392-121-107.
3. A full day absence is when a student is absent for fifty percent or more of their scheduled day.
4. A school or district shall not convert or combine tardies into absences that contribute to a truancy petition.

A student shall be considered absent if they are on school grounds but not in their assigned setting.

Excused and Unexcused Absences

Students are expected to attend all assigned classes each day. Upon enrollment and at the beginning of each school year, the district shall inform students and their parents/guardians of this expectation, the benefits of regular school attendance, the consequences of truancy, the role and responsibility of the district in regard to truancy, and resources available to assist the student and their parents and guardians in correcting truancy. The district will also make this information available online and will take reasonable steps to ensure parents can request and receive such information in languages in which they are fluent. Parents will be required to date and acknowledge review of this information online or in writing.

Excused Absences

Regular school attendance is necessary for mastery of the educational program provided to students of the district. At times, students may be appropriately absent from class. School staff will keep a record of absence and tardiness, including a record of excuse statements submitted by a parent/guardian, or in certain cases, students, to document a student's excused absences. The following principles will govern the development and administration of attendance procedures within the district:

A. The following are valid excuses for absences:

1. Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental, optometry, pregnancy, and in-patient or out-patient treatment for chemical dependency or mental health) for the student or person for whom the student is legally responsible;
2. Family emergency including, but not limited to, a death or illness in the family;
3. Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction;
4. Court, judicial proceeding, court-ordered activity, or jury service;
5. Post-secondary, technical school or apprenticeship program visitation, or scholarship interview;
6. State-recognized search and rescue activities consistent with RCW 28A.225.055;
7. Absence directly related to the student's homeless or foster care/dependency status;

8. Absences related to deployment activities of a parent or legal guardian who is an active duty member consistent with RCW 28A.705.010;
9. Absences due to suspensions, expulsions or emergency expulsions imposed pursuant to chapter 392-400 WAC if the student is not receiving educational services and is not enrolled in qualifying "course of study" activities as defined in WAC 392-121-107;
10. Absences due to student safety concerns, including absences related to threats, assaults, or bullying;
11. Absences due to a student's migrant status; and
12. An approved activity that is consistent with district policy and is mutually agreed upon by the principal or designee and a parent, guardian, or emancipated youth.

A school principal or designee has the authority to determine if an absence meets the above criteria for an excused absence. Districts may define additional categories or criteria for excused absences.

1. If an absence is excused, the student will be permitted to make up all missed assignments outside of class under reasonable conditions and time limits established by the appropriate teacher; where reasonable, if a student misses a participation-type class, they can request an alternative assignment that aligns with the learning goals of the activity missed.
2. An excused absence will be verified by a parent/guardian or an adult, emancipated or appropriately aged student, or school authority responsible for the absence. If attendance is taken electronically, either for a course conducted online or for students physically within the district, an absence will default to unexcused until such time as an excused absence may be verified by a parent or other responsible adult. If a student is to be released for health care related to family planning or abortion, the student may require that the district keep the information confidential. Students thirteen and older have the right to keep information about drug, alcohol or mental health treatment confidential. Students fourteen and older have the same confidentiality rights regarding HIV and sexually transmitted diseases.
3. Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, teacher, or community human services provider, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in which case the reconvening of the team that created the program or plan is required.

This conference is not required if the school has received prior notice or a doctor's note has been provided and an academic plan put in place so that the child does not fall behind.

Unexcused Absences

1. Any absence from school for the majority of hours or periods in an average school day is unexcused unless it meets one of the criteria above for an excused absence.
2. As a means of instilling values of responsibility and personal accountability, a student whose absence is not excused will experience the consequences of his/her absence. A student's grade may be affected if a graded activity or assignment occurs during the period of time when the student is absent.
3. The school will notify a student's parent or guardian in writing or by telephone whenever the student has failed to attend school after one unexcused absence within any month during the current school year. The notification will include the potential consequences of additional unexcused absences. The school will make reasonable efforts to provide this information in a language the parent understands.
4. The school will hold a conference with the parent or guardian after three unexcused absences within any month during the current school year. The conference will analyze the causes of the student's absences and develop a plan that identifies student, school, and family commitments to reduce the student's absences from school. If the parent does not attend the conference, the
